About

I'm passionate about both technology and sports, fostering continuous growth and critical thinking. Staying updated in tech and actively participating in sports, I apply my critical thinking skills to solve problems creatively. My commitment to self-improvement fuels my ongoing learning. Efficient time management helps me balance these interests, while my adaptability and collaboration skills make me an asset in diverse settings.

Education

2022-Now

● SMKN 4 Tangerang

Software Engineer High School

I continued my vocational high school, and I chose to major in software engineering at SMKN 4 Tangerang to make me closer to my goal.
